

FOR IMMEDIATE RELEASE:

Davis & Floyd, Inc. to Open Fifth Office in South Carolina

GREENWOOD, August 14, 2009 – **Davis & Floyd, Inc.**, a leading provider of engineering, architectural, environmental, and laboratory services, is pleased to announce the opening of an engineering office in Florence, South Carolina, located at 181 East Evans Street. This new office will provide civil and environmental engineering focusing on water, wastewater, and stormwater design services. It joins Davis & Floyd's other strategic statewide locations in Greenwood, Charleston, Columbia, and Greenville. According to Jerry Timmons, PE, President and Chief Operating Officer, Engineering/Architectural Division, "Davis & Floyd has, for many years, looked to expand its presence into the eastern portion of South Carolina and this provides our company a wonderful opportunity. We are extremely pleased to locate this new Davis & Floyd office in Florence."

Clients will continue to benefit from the extensive experience of key personnel in the Florence office. Guy Slagle, Jr., PE, Vice President, will lead this division and has over 36 years of expertise in the civil engineering field. Supporting Mr. Slagle will be an experienced team of professional engineers specializing in water, wastewater, and stormwater management. The design group in the Florence office will be supported by Mike Caughman, PE, with 35 years experience, based in the Columbia office.

Established in 1954, Davis & Floyd, Inc. is a full-service, multi-disciplined firm that provides engineering, architectural, environmental, and laboratory services to local, state, and federal government agencies as well as many industrial, municipal, and private clients. Our offices are located in Greenwood, Charleston, Florence, Columbia, and Greenville, South Carolina. Regarded as a leading engineering / architectural firm in the Southeast, Davis & Floyd ranks nationally as one of the top 500 firms by *Engineering News-Record*.
