

FOR IMMEDIATE RELEASE:

Davis & Floyd, Inc. Opens Office in Hickory, North Carolina

GREENWOOD, November 4, 2009 – **Davis & Floyd, Inc.**, a leading provider of engineering, architectural, environmental, and laboratory services, is pleased to announce the opening of an engineering office in Hickory, North Carolina, located at 1305 North Center Street. This new office will provide civil engineering focusing on civil design as well as water, wastewater, and stormwater design services. It joins Davis & Floyd's strategic South Carolina offices located in Greenwood, Greenville, Columbia, Charleston, and Florence. According to Jerry Timmons, PE, President and Chief Operating Officer, Engineering/Architectural Division, "This is our first step in establishing our firm's presence in North Carolina and this provides our company with a wonderful opportunity. We are excited to locate this new Davis & Floyd office in Hickory."

Clients will continue to benefit from the extensive experience of key personnel in the Hickory office. Gene Haynes, Senior Project Manager, will lead this division and has over 36 years of expertise in the civil engineering field. Supporting Mr. Haynes will be Scott Bell, PE, PLS, Project Manager, with 12 years of experience.

Established in 1954, Davis & Floyd, Inc. is a full-service, multi-disciplined firm that provides engineering, architectural, environmental, and laboratory services to local, state, and federal government agencies as well as many industrial, municipal, and private clients. Our offices are located in Greenwood, Greenville, Columbia, Charleston, and Florence, South Carolina, and Hickory, North Carolina. Regarded as a leading engineering / architectural firm in the Southeast, Davis & Floyd ranks nationally as one of the top 500 firms by *Engineering News-Record*.
